

## Welcome

Whether you are a beginner considering your first "home page", an expert in need of a host for your online presence, or a webmaster somewhere between these two extremes, Wind@z is the perfect solution for you.

We provide exceptional value, features, speed, reliability and support. Our combination of reasonable pricing and a range of hosting plans packed with all the features you are likely to need means you don't need to look any further... GREAT VALUE - GREAT FEATURES Our hosting plans include many features which are only available at extra cost from most other hosts. Just look at our account features, they include support for scripting in PHP4, CGI and SSI, unlimited POP3 e-mail accounts with auto responders, Microsoft Frontpage support, sub domains, password protected folders, web stats, MySQL databases and many useful pre installed CGI scripts.

All our accounts are administered by cPanel, cPanel allows domain owners to manage and monitor their web site. This easy to use interface is packed full of useful features. Inside cPanel, domain owners can control their web site to a degree which was never before possible.
